## Energy

---

- ✓ **Carbon Neutral Manufacture:** The use of clean wind-generated electricity and the offsetting of manufacturing emissions means that Mohawk Paper can produce Expression Super Smooth as being made Carbon Neutral (from raw material through to exit mill door).
- ✓ **Renewable Energy:** Mohawk uses 100% renewable energy for their entire energy requirements, mill and offices.
- ✓ **Verifiable Emission Reduction Credits (VERs):** VER's are used to offset any thermal energy emissions created during the paper manufacturing process. These credits fund renewable energy projects.

## Water, Air & Waste

---

**Water:** Mohawk continuously focus on reducing water pollution and water consumption.

**Air:**

**Waste:** Mohawk continuously focus on reducing the amount of solid waste matter produced.

## Additional Information

---

Mohawk are highly committed to sustainability, aiming to continuously improve their environmental stewardship.

They seek to find the most innovative solutions to resource depletion, climate change, alternative energy development, waste management and more. For specific details contact your nearest K.W. Doggett Fine Paper sample department.

By using Expression Super Smooth you are entitled to use the Mohawk windpower and carbon neutral logo.
