## Water, Air & Waste

---

**Water:** Waste water generated in the mill is treated before discharging back into the Shoalhaven River.

**Air:**

**Waste:** Mill focusses on recycling and re-using waste where possible, by regularly developing new practices.

## Additional Information

---

Australian Paper are constantly looking at ways to reduce solid waste and promote recycling initiatives. With a commitment to delivering continuous improvement in their performance, Australian Paper seek to control greenhouse gas emissions, minimise their intake of water use and increase reuse within their operation, to reduce the amount of waste that goes to landfill and maximise the use of recovered fibres.
